YEAR ONE CLASS FEATURE

YEAR ONE NEWS

This term in year one we have been learning how to care by working. We first learnt about Jesus showing care by working with his father Jesus as a carpenter. We then talked about how we can care for ourselves, care for others and care for creation.

In health we are learning to care for ourselves by eating healthy food. We are also learning how to care for our teeth. We wrote a story about being a tooth fairy for a night. We also wrote a book about keeping our teeth healthy by brushing them.

We are so grateful that this term we are joined in our classroom by Mrs Jodi Edwards. Mrs Edwards comes to us from Notre Dame University. She will begin teaching many

different subjects through the term. Ask your children about the quiet critters that Mrs Edwards bought into the classroom to help us to remain quiet while working.

We are very proud of the progress the year one students are making. We hope that you are able to hear us sing our wonderful songs as part of our assembly. We have been rehearsing our tooth fairy song for quite a while and are so excited to perform on the stage.

Mrs Fonseca, Mrs Murray and the Year One Class.
