27th March 2020

Dear Parents,

We understand that some of our families may not have a device at home for students to complete their school work on.

We have a small number of discontinued laptops that we can offer to families to have for a small donation of \$20. These will then be yours to keep. They will be offered on a first-come-first-served basis and initially limited to one per family.

Please note that these laptops are older models and are to be taken as is.

HP Stream	HP Stream	HP Protectsmart
		
Many of the trackpads do not work. Will need an external mouse. 32gb	Most trackpads work 32gb	Many need to be plugged in (battery does not work) 64gb. These are our oldest machines.

They may have the following:

- Only 32gb hard drive.
- Some track pads (mouse) do not work so will require the family to provide their own mouse.
- Some will need to be plugged in to power at all times to operate as the battery does not work.
- There is usual school wear and tear.

There is no software installed. All students have access to Office 365 so can use the office tools online. **You must have an internet connection at home to be able to access this.**

If you would like to be considered for these laptops, please email mel.allen@cewa.edu.au with your students name and year level so we know how many to allocate. We will let you know when they will be available for pick up.

Any questions please contact me

Mel Allen
Assistant Principal
